USM KAMPUS KESIHATAN

VERSION: 1.4

PREPARED BY: Unit Web PPKT

CONTENT

NO	DETAIL	PAGE
1	JOOMLA! DASHBOARD 1.1. Access admin backend 1.2. Users function 1.3. Media function 1.4. YOOtheme function 1.5. Preview frontend website 1.6. Logging out 1.7. Creating a menu 1.8. Creating a submenu	2 - 8
2	MENU FUNCTION 2.1. Creating a menu 2.2. Creating a submenu	6 - 7
3	CONTENT EDITOR 3.1. Edit content using Article function 3.2. Content grouping using Article Categories 3.3. Edit an article	8 - 13
4	FRONTPAGE LAYOUT 4.1. Edit using YOOtheme 4.2. Display menu on a web page using Joomla Modules 4.3. Display a video using YOOtheme 4.4. Display a grouping article	14 - 20

1. JOOMLA! DASHBOARD

1.1. Access admin backend

1.1.1. Enter username, Password, and enter Capcha and click Login

The screenshot shows the Joomla! Administrator Login page. The header displays the Joomla! logo and the user 'Hari Warga Staf'. The main area has a dark blue sidebar on the left with the title 'Hari Warga Staf' and 'Joomla Administrator Login'. Below this is a 'Need Support?' section with links to the Joomla! Support Forum and Documentation. The right side contains the login form. It features a Joomla! logo at the top, followed by 'Username' and 'Password' fields with validation messages ('Please fill in this field'). A 'Web Authentication' button is present. Below these is a CAPTCHA field containing 'aFnq' with the instruction 'Type image code (case sensitive)' and 'Please enter the code in the image.' A 'Log in' button is at the bottom, and a 'Forgot your login details?' link is below it.

1.2. Users function

1.2.1. This function is used to change your profile information

The screenshot shows the Joomla! Home Dashboard. The left sidebar includes a 'Toggle Menu' button, 'Home Dashboard', 'Content', 'Menus', 'Components', 'Users' (which is highlighted), 'System', 'Help', and 'YOOtheme'. The main dashboard is divided into several sections: 'Site' (with 'Users' highlighted and outlined in red), 'System' (with 'Global Checkin' and 'Cache'), 'Notifications' (with 'Backup out of date' and 'Joomla is up to date.'), and '3rd Party' (with 'JCE File Browser'). Top navigation includes 'Take a Tour', 'Post Installation Messages', 'Unit Kajian Klinik', 'User Menu', and version '4.4.2'.

1.2.2. Choose your profile by using *search* function

The screenshot shows the Joomla! User Management interface. On the left is a dark sidebar with navigation links like Home Dashboard, Content, Menus, Components, Users, Manage, Groups, and Access Levels. The main area is titled 'Users' and shows a table of users. A search bar at the top is highlighted with an orange box. The table columns include Name, Username, Enabled, Activated, User Groups, Email, Last Visit, Registered, and ID. Two users are listed: 'Abdul Hakim Fikry Bin Kamaludin' and 'Adani Shafwan'.

1.2.3. Fill info and click *Save & Close*

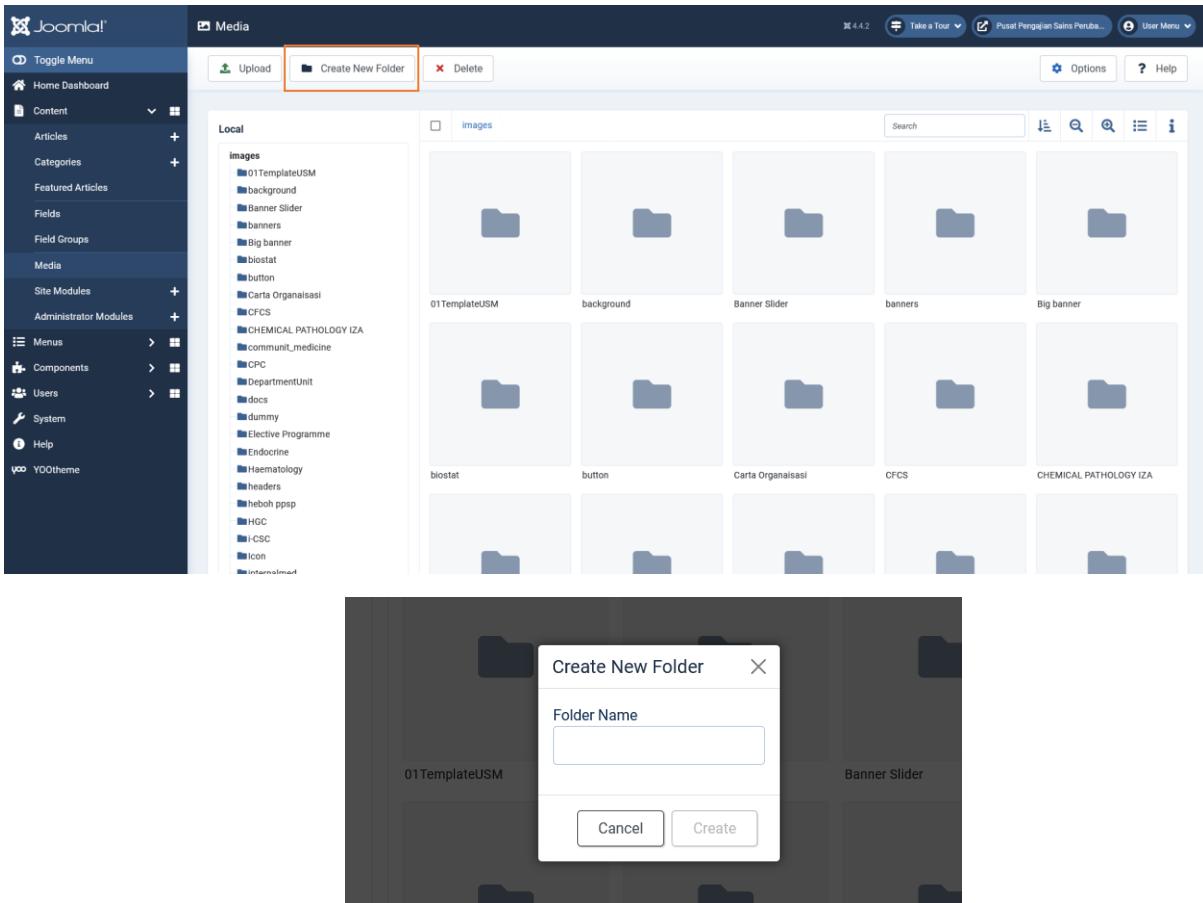

The screenshot shows the 'Users: Edit' form for a user named 'Dr Iskandar Zulkarnain Alias'. The 'Account Details' tab is selected. The form fields are: Name (Dr Iskandar Zulkarnain Alias), Login Name (Username) (iskandarza@usm.my), Password (minimum requirements: 12 characters), Confirm Password, and Email (iskandarza@usm.my). The registration date is listed as 2023-06-19 00:23:55. The 'Save & Close' button is highlighted with an orange box.

1.3. Media function

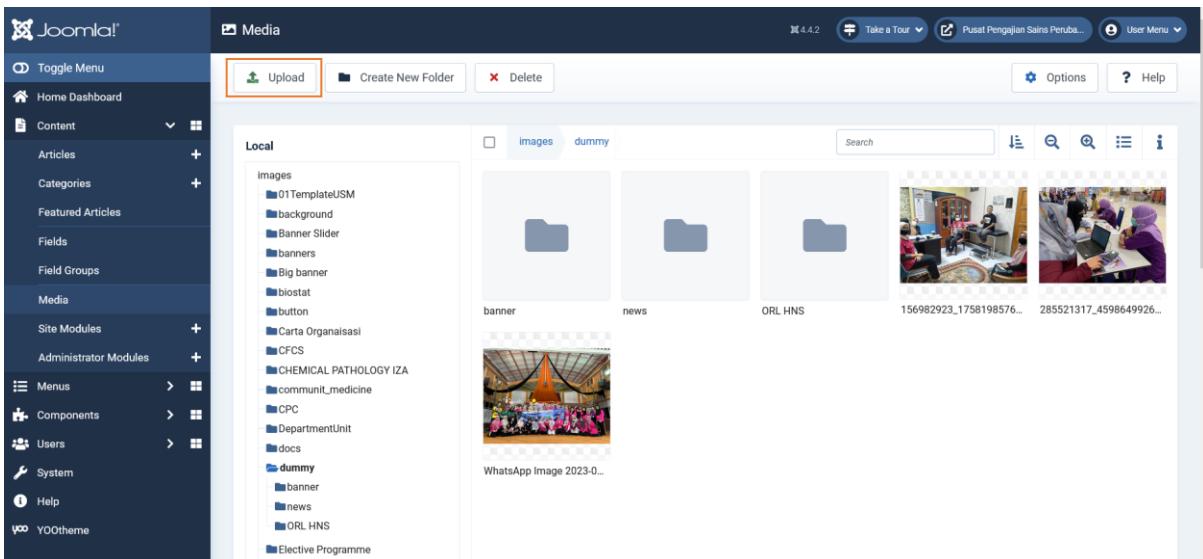

1.3.1. This function is used to upload your documents such as photos, videos, PDFs, or sound and make sure to upload your document in your folder

The screenshot shows the Joomla! Home Dashboard. The left sidebar includes links for Home Dashboard, Content, Menus, Components, Users, System, Help, and YOOtheme. The main dashboard has sections for Site (Users, Articles, Article Categories, Media, Modules, Plugins) and System (Global Checkin, Cache, Global Configuration). Notifications show a red warning for 'Backup out of date' and a green message for 'Joomla is up to date.' The 'Media' icon in the Site section is highlighted with an orange box.

1.3.2. Click on *create new folder* and set folder's name (your department)

1.3.3. Upload your document by clicking on *upload* button

1.3.4. Certain regulations must be followed, image sizes restrictions (<5mb) and file types

The screenshot shows the Joomla administrator interface under the 'System' > 'File Types' section. It includes fields for Allowed Extensions, Check MIME Types (set to Yes), Legal Image, Audio, Video, and Document Extensions, and a note about file size limits.

Allowed Extensions	bmp,gif,jpg,jpea,png,webp,ico,mp3,m4a,mp4a,ogg,mp4,mp4v,mpeg,mov,odg,odp,ods,odt,pdf,png,ppt,txt,xcf,xls,csv
Check MIME Types	<input checked="" type="checkbox"/> Yes
Legal Image Extensions (File Types)	bmp,gif,jpg,png,jpeg,webp
Legal Audio Extensions (File Types)	mp3,m4a,mp4a,ogg
Legal Video Extensions (File Types)	mp4,mp4v,mpeg,mov,webm
Legal Document Extensions (File Types)	odg,odp,ods,odt,pdf,ppt,txt,xcf,xls,csv
Note	Max file size allowed: 5MB Maximum file size allowed: 5MB

1.4. Preview frontend website

The screenshot shows the Joomla administrator interface under the 'Home Dashboard'. It features a sidebar with navigation links like Content, Menus, Components, and System. The main area displays Site and System management sections with various icons and status indicators.

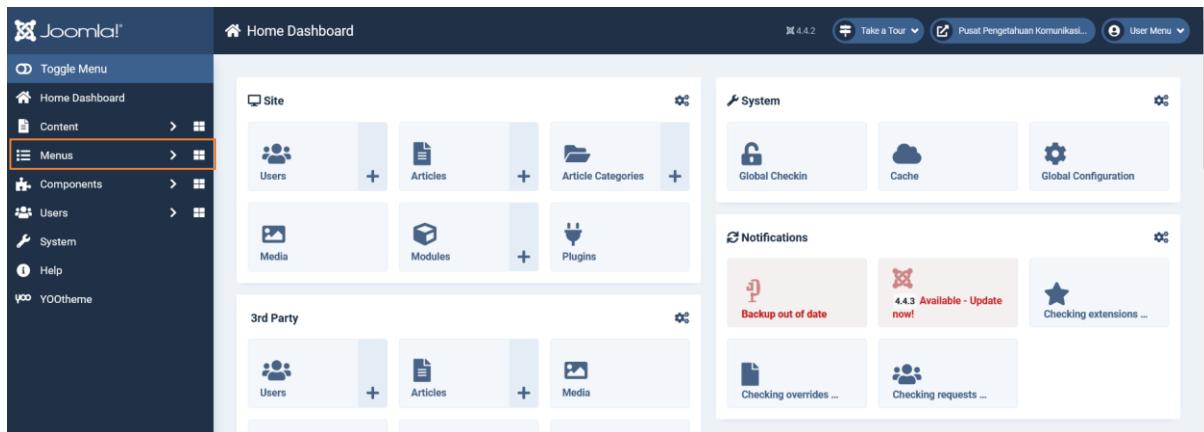

1.5. Logging out

The screenshot shows the Joomla administrator interface under the 'Home Dashboard' after logging out. The user menu now shows 'Logout' instead of a logged-in name. The layout remains the same as in the previous screenshot.

2. MENU FUNCTION

2.1. Creating a menu

2.1.1. Adding a new menu simply by access on Homepage menu

2.1.2. Click on New to add

A screenshot of the Joomla! 4.4.2 'Menus: Items (Menu Utama)' list screen. The left sidebar shows 'All Menu Items' under 'Site' with categories: CLINICAL TRIAL UNIT, Community Medicine, Integrative Medicine, and Summary. The main area shows a table of menu items. The first item is 'HOME' (Alias: mainhome, Articles > Single Article), and the second item is 'ABOUT US'. The 'New' button at the top left of the table is highlighted with a red box.

2.1.3. Fill all the data required and click Save or Save & Close

A screenshot of the Joomla! 4.4.2 'Menus: New Item' creation form. At the top, there are three buttons: 'Save', 'Save & Close', and 'Cancel'. Below them is a 'Title *' input field, which is highlighted with a red box. To the right of the title field is an 'Alias' input field with a note: 'Auto-generate from title' and 'The Alias will be used as part of the URL.' Below the title section are tabs for 'Details', 'Link Type', 'Page Display', 'Metadata', and 'Module Assignment'. Under the 'Details' tab, there are fields for 'Menu Item Type *' (with a 'Select' button), 'Link' (a large text input field), 'Target Window' (set to 'Parent'), and 'Template Style' (set to '- Use Default -'). To the right of these details are dropdown menus for 'Menu' (set to 'Menu Utama') and 'Parent Item' (set to '- No parent -').

2.2. Creating submenus

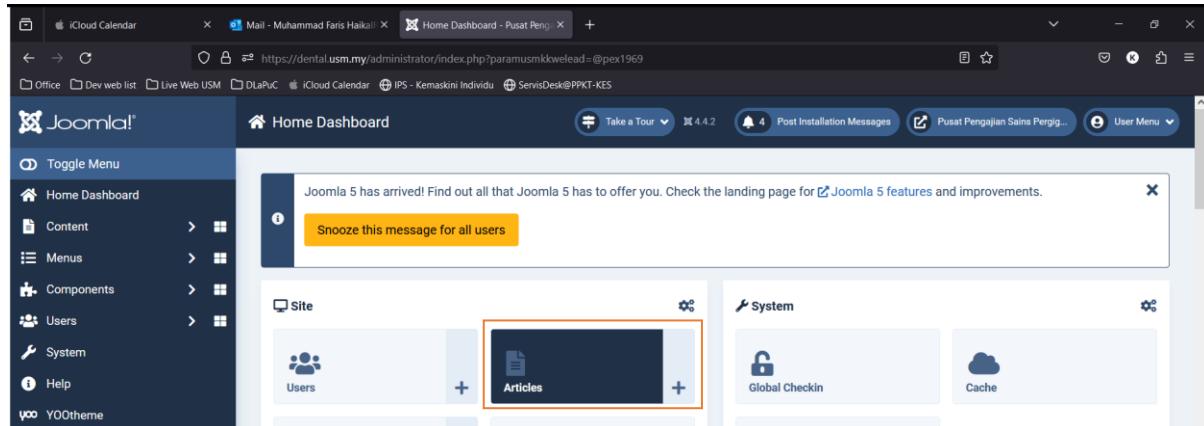

2.2.1. Same as creating menu but change at Parent Item (Menu) become the submenu

The screenshot shows the Joomla! 4.4.2 'Menus: New Item' creation interface. At the top, there are buttons for Save, Save & Close, and Cancel. The main area has tabs for Details, Link Type, Page Display, Metadata, and Module Assignment. The Details tab is active. In the Details tab, there are fields for Title (highlighted with an orange border), Alias (Auto-generate from title), Menu Item Type (with a 'Select' button), Link, Target Window (set to Parent), Template Style (- Use Default -), and Parent Item (highlighted with an orange border, showing '- No parent -'). Below the Parent Item field, there is a note: 'Ordering will be available after saving.' A status bar at the bottom shows a progress bar.

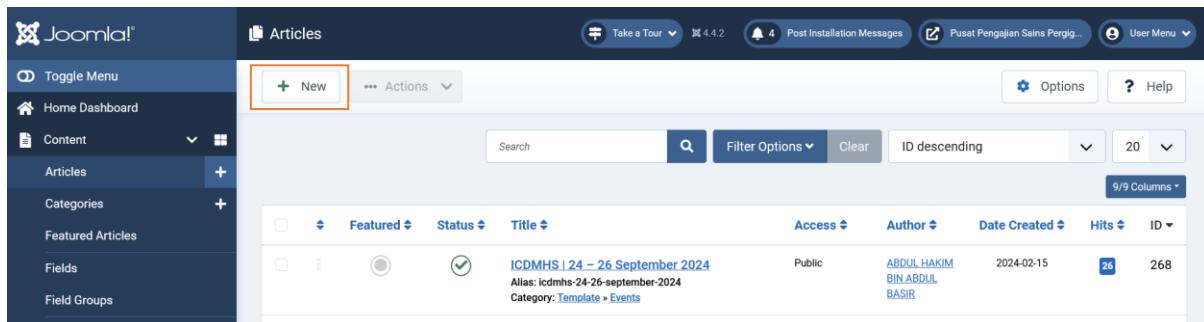

3. CONTENT EDITOR

3.1. Add new content using Article and YOOtheme builder

3.1.1. Access the Article function on Homepage

3.1.2. On the Article function page, to add new content click on New button

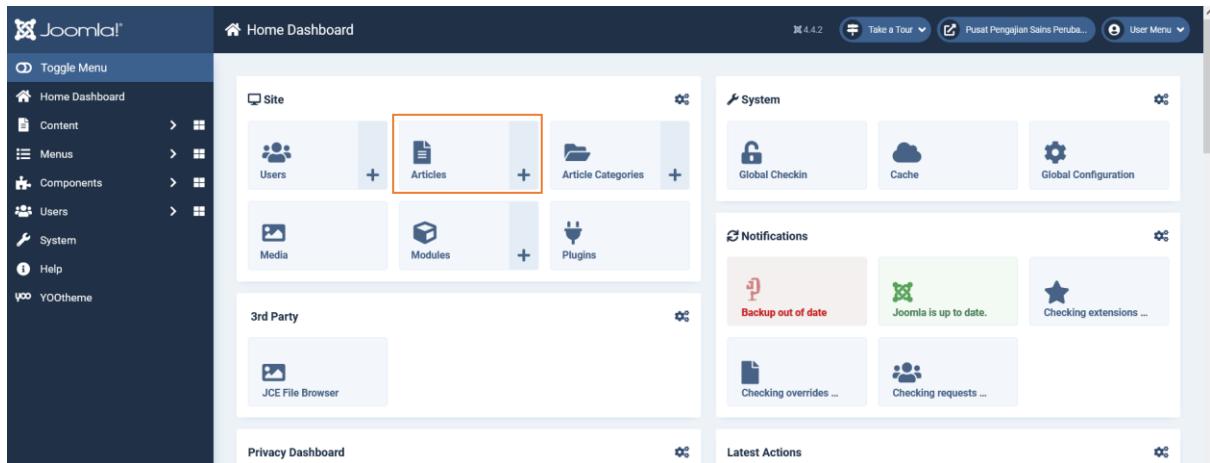

3.1.3. Fill all the requirements and click Save or Save & Close

The screenshot shows the 'Articles: New' form in the Joomla! administrator. At the top, there are three buttons: 'Save' (highlighted with a red box), 'Save & Close', and 'Cancel'. Below these are fields for 'Title *' and 'Alias'. The 'Content' tab is selected, showing a rich text editor toolbar. To the right, there are fields for 'Status' (set to 'Published'), 'Category *' (set to 'Template'), and 'Featured'.

3.2. Edit content using Article function

3.2.1. Access to Article function

1.1.1. Look for your page by accessing to *filter option*

A screenshot of the Joomla! Articles management page. The left sidebar shows Content > Articles selected. The main area has a search bar and filter options for Featured, Status, Category, Access, Author, Tag, and Max Levels. A message 'Article checked in.' is displayed above the table. The table lists two articles: 'WELCOME TO JPNRO' (Author: Admin PPKT, Date Created: 2024-01-30, ID: 1353) and 'Master Surgery (Neurosurgery). (2)' (Author: Hazim bin Omar, Date Created: 2023-07-31, ID: 1352).

1.1.2. Use the search keywords or Filter Option

A screenshot of the Joomla! Articles management page showing a specific article. The top bar includes a search field with 'HOME OF POSTGRADUATE' and filter options for Featured, Status, Category, Access, Author, Tag, and Max Levels. The table below shows one article: 'HOME OF POSTGRADUATE' (Author: Admin PPKT, Date Created: 2023-07-10, ID: 1047).

1.1.3. Click on the *YOotheme Builder* to access to your homepage

The screenshot shows the Joomla! Article Editor interface. At the top, there are buttons for Save, Save & Close, Close, Versions, Preview, Accessibility Check, Toggle Inline Help, and Help. Below the toolbar, the article title is set to "HOME OF POSTGRADUATE" and the alias to "home". The Content tab is selected. In the main content area, there is a purple button labeled "YOOTHME BUILDER" which is highlighted with a red rectangle. On the right side, there are fields for Status (Published), Category (POSTGRADUATED OFFICE), Featured (No), and Access.

1.1.4. Your page might look different, you can change page layout by manipulating the *builder* functions and access other page of your department by accessing the Menus that was set

The screenshot shows the USM APEX homepage. The left sidebar is titled "BUILDER" and contains sections for "HOME OF POSTGRADUATE", "SECTION", and "SECTION". The main content area features a banner for the 60th USM Convocation Ceremony (2022) with statistics: 165 MEDICAL SPECIALIST PROGRAMMES, 18 COURSEWORK PROGRAMMES, 11 MIXED MODE PROGRAMMES, and 12 PhD, 10 MSc RESEARCH MODE PROGRAMMES. Below the banner, there is a "WELCOME TO POSTGRADUATE PROGRAMME" section and a "POSTGRADUATE MENU" with links like Welcome, Programmes, Prospective Candidates, Current Students, and Financial Assistance. A "LINK ICON" is also visible.

3.3. Content grouping using Article Categories

3.3.1. Choose Article Categories function on Homepage

The screenshot shows the Joomla! Home Dashboard. The left sidebar has sections for System, Help, and YOotheme. The main dashboard features a "Snooze this message for all users" button. Below it, there are several cards: "Site" (Users, Articles, Article Categories, Media), "System" (Global Checkin, Cache, Global Configuration), and "Notifications". The "Article Categories" icon in the Site card is highlighted with a red rectangle.

3.3.2. Article Categories page, to add new category click on New button

The screenshot shows the Joomla! 4.4.2 Admin interface. The left sidebar is titled 'Content' and includes 'Articles' and 'Categories'. The main area is titled 'Articles: Categories' and shows a list of categories. The first category is 'Template' (Alias: template), the second is '- Info Korporat' (Alias: info-korporat), and the third is '- Events' (Alias: hebahan). The list includes columns for Status, Title, ID, Access, and Order.

3.3.3. Fill all the requirement and click Save and Save & Close

The screenshot shows the 'Articles: New Category' form. It has fields for 'Title' and 'Alias'. Below the title is a rich text editor for 'Description'. Underneath the editor are buttons for 'Save', 'Save & Close', and 'Close'. The 'Category' tab is selected. Other tabs include 'Options', 'Publishing', and 'Permissions'. A 'Parent' dropdown is set to '- No parent -'. A status bar at the bottom right shows '4.4.2' and 'Pusat Pengajaran Sains Pergig...'. A help icon is also present.

3.4. Edit an Article

3.4.1. On Home Dashboard, to edit article simply access to Article function

The screenshot shows the Joomla! 4.4.2 Home Dashboard. The left sidebar lists various site management functions. The main dashboard features four cards: 'Site' (Users, Article Categories, Modules), 'System' (Global Checkin, Cache, Global Configuration), and 'Notifications'. The 'Articles' icon in the 'Site' section is highlighted with an orange rectangle. The top navigation bar includes 'Take a Tour', 'Post Installation Messages', 'Pusat Pengajaran Sains Pergig...', and 'User Menu'.

3.4.2. Look for the article by searching your article file simply using the search function

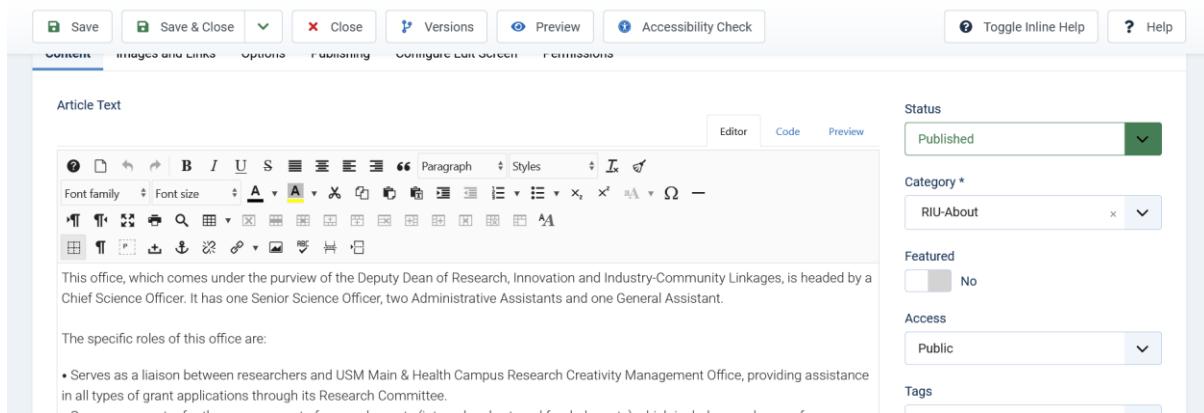

Featured	Status	Title	Access	Author	Date Created	Hits	ID
	✓	ICDMHS.I24 – 26 September 2024 Alias: icdmhs-24-26-september-2024 Category: Template > Events	Public	ABDUL HAKIM BIN ABDUL BASIR	2024-02-15	26	268
	✓	Opportunity as Postgraduate Student Dr Hanim Afzan Ibrahim Alias: opportunity-as-postgraduate-student-dr-hanim-afzan-ibrahim Category: Template > Vacancies	Public	ABDUL HAKIM BIN ABDUL BASIR	2024-02-15	12	267

3.4.3. If you're using YOOtheme editor access the Builder page by clicking on YOOtheme Builder

Content	Images and Links	Options	Publishing	Configure Edit Screen	Permissions
<p>YOOTHEME BUILDER</p> <p>← Back to Default Editor</p>					

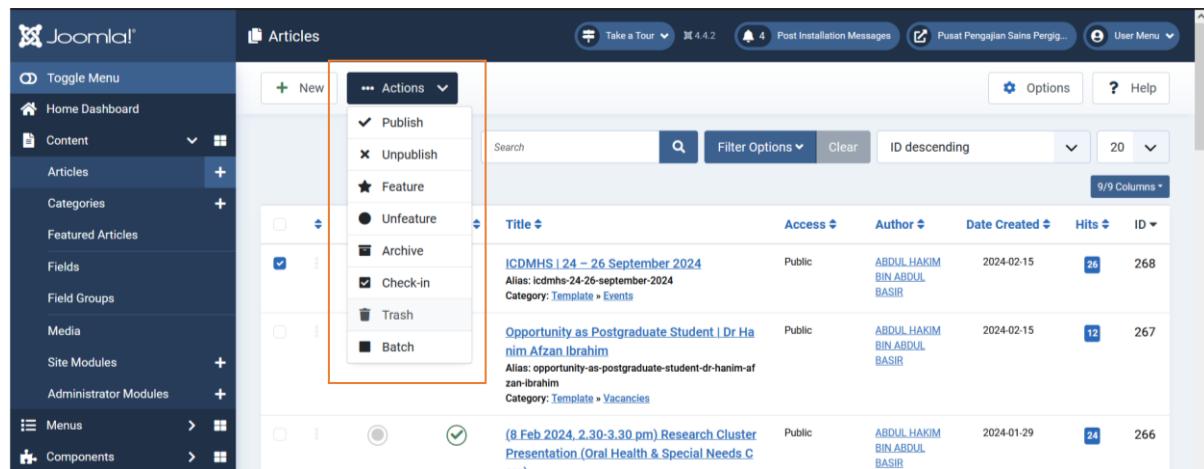

3.4.4. Access and make changes using Builder function

3.4.5. If you are using Article Joomla! Editor the u can edit directly on the page

This screenshot shows the Joomla! Article Editor interface. At the top, there are buttons for Save, Save & Close, Close, Versions, Preview, and Accessibility Check. Below the toolbar, the Content tab is selected. The main area contains the article text: "This office, which comes under the purview of the Deputy Dean of Research, Innovation and Industry-Community Linkages, is headed by a Chief Science Officer. It has one Senior Science Officer, two Administrative Assistants and one General Assistant. The specific roles of this office are: • Serves as a liaison between researchers and USM Main & Health Campus Research Creativity Management Office, providing assistance in all types of grant applications through its Research Committee. • Serves as a center for the management of research grants (internal and external funded grants) which include purchases of equipment, personnel, and travel expenses." On the right side, there are configuration panels for Status (Published), Category (RIU-About), Featured (No), Access (Public), and Tags.

3.4.6. Delete/Unpublished Article by accessing the function on Actions button

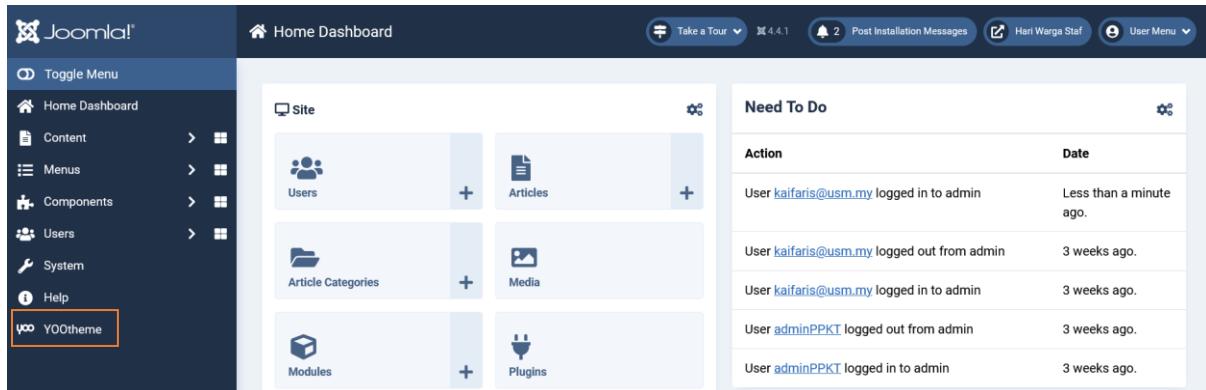

This screenshot shows the Joomla! Content Manager for the 'Articles' component. The left sidebar shows the navigation menu. The main area displays a list of articles with columns for Title, Access, Author, Date Created, Hits, and ID. An article titled 'ICDMHS | 24 – 26 September 2024' is selected. A context menu is open over this article, with the 'Actions' option highlighted. The 'Actions' dropdown menu includes options: Publish, Unpublish, Feature, Unfeature, Archive, Check-in, Trash, and Batch. The 'Trash' option is currently selected. The article details shown are: Title: ICDMHS | 24 – 26 September 2024, Access: Public, Author: ABDUL HAKIM BIN ABDUL BASIR, Date Created: 2024-02-15, Hits: 26, ID: 268. The alias is icdmhs-24-26-september-2024, and it belongs to the 'Template > Events' category.

4. FRONTPAGE LAYOUT

4.1. Edit using YOOtheme

4.1.1. Content layout using multiple Elements. Access to Home Dashboard, access frontpage (YOOtheme) by click on the side bar menu

The screenshot shows the Joomla! Home Dashboard. On the left, there is a dark sidebar menu with the following items: Home Dashboard, Content, Menus, Components, Users, System, Help, and YOOtheme. The YOOtheme item is highlighted with an orange border. The main content area displays a grid of site elements: Site (Users, Articles, Article Categories, Media, Modules, Plugins), Need To Do (a table showing user logins and logouts), and other administrative information.

4.1.2. Click on Pages

The screenshot shows the YOOtheme Pages builder. The left sidebar has options: CLOSE, YOOtheme, LAYOUT, STYLE, PAGES (which is selected and highlighted with an orange border), TEMPLATES, MENUS, MODULES, and SETTINGS. The main content area shows a vibrant image of two people at a festival, with text overlay: "HWS 2023", "PENGETAHUAN", "KONTINJEN", "ACARA", "AJK", "Hari Warga STAF", "Warga Harmoni, Universiti Sains Malaysia", "25-26 Ogos 2023 Kampus Kesihatan Universiti Sains Malaysia", and "KLIK LIHAT SCOREBOARD WARGA STAF".

4.1.3. Click on Builder

The screenshot shows the YOOtheme Pages builder. The left sidebar has options: CLOSE, ← HOME, PAGES (selected and highlighted with an orange border), and BUILDER. The PAGES section includes a search bar and a list of pages: Home, Acara, Acara Anjung Lestari, and Acara Boling. The main content area shows the same vibrant image and text as the previous screenshot.

4.1.4. Make changes using the Builder menu, choose right element for your layout

4.2. Display menu on a web page using Joomla Modules

4.2.1. On homepage open Modules function

The screenshot shows the Joomla! Home Dashboard. The left sidebar includes options like Content, Menus, Components, Users, System, Help, and YOOtheme. The main dashboard has sections for Site (Users, Articles, Article Categories, Media, Modules), System (Global Checkin, Cache, Global Configuration), and Notifications (Backup out of date, Available - Update now!, Updates are available!). The 'Modules' icon in the Site section is highlighted with an orange box.

The screenshot shows the Joomla! Modules (Site) list. The left sidebar includes Content, Menus, and Site Modules. The main screen shows a table of modules with columns for Title, Status, Position, Type, Pages, Access, and ID. A new module entry is being added, indicated by the '+ New' button at the top left of the list table, which is also highlighted with an orange box.

Title	Status	Position	Type	Pages	Access	ID
ENDOCRINE	✓	None	Menu	All	Public	124
Medical Education	✓	None	Menu	All	Public	134
OPHTHALMOLOGY AND SCIENCE VISUAL	✓	None	Menu	All	Public	133
Reconstructive Sciences Unit	✓	None	Menu	All	Public	132
Women's Health Development Unit	✓	None	Menu	All	Public	131

4.2.2. Choose Menu module

The screenshot shows the Joomla Module Manager interface. A modal window is open, listing various modules. The 'Menu' module is highlighted with an orange border. The modal has a header with 'Cancel' and a footer with '+'. The listed modules include:

- Breadcrumbs
- Builder
- Custom
- Feed Display
- Footer
- Language Switcher
- Latest Users
- Login
- Menu
- Random Image
- SP Easy Image Gallery Module
- Site Last Modified
- Smart Search
- Statistics
- Syndication Feeds
- Tags - Popular
- Tags - Similar
- Who's Online
- Wrapper
- jsvisit Visitor Counter

4.2.3. Fill the requirement needed and click Save and Save & Close

The screenshot shows the configuration form for the 'Menu' module. The 'Title' field is required and highlighted with an orange border. The 'Module' tab is selected. The right side of the screen shows configuration options for the module.

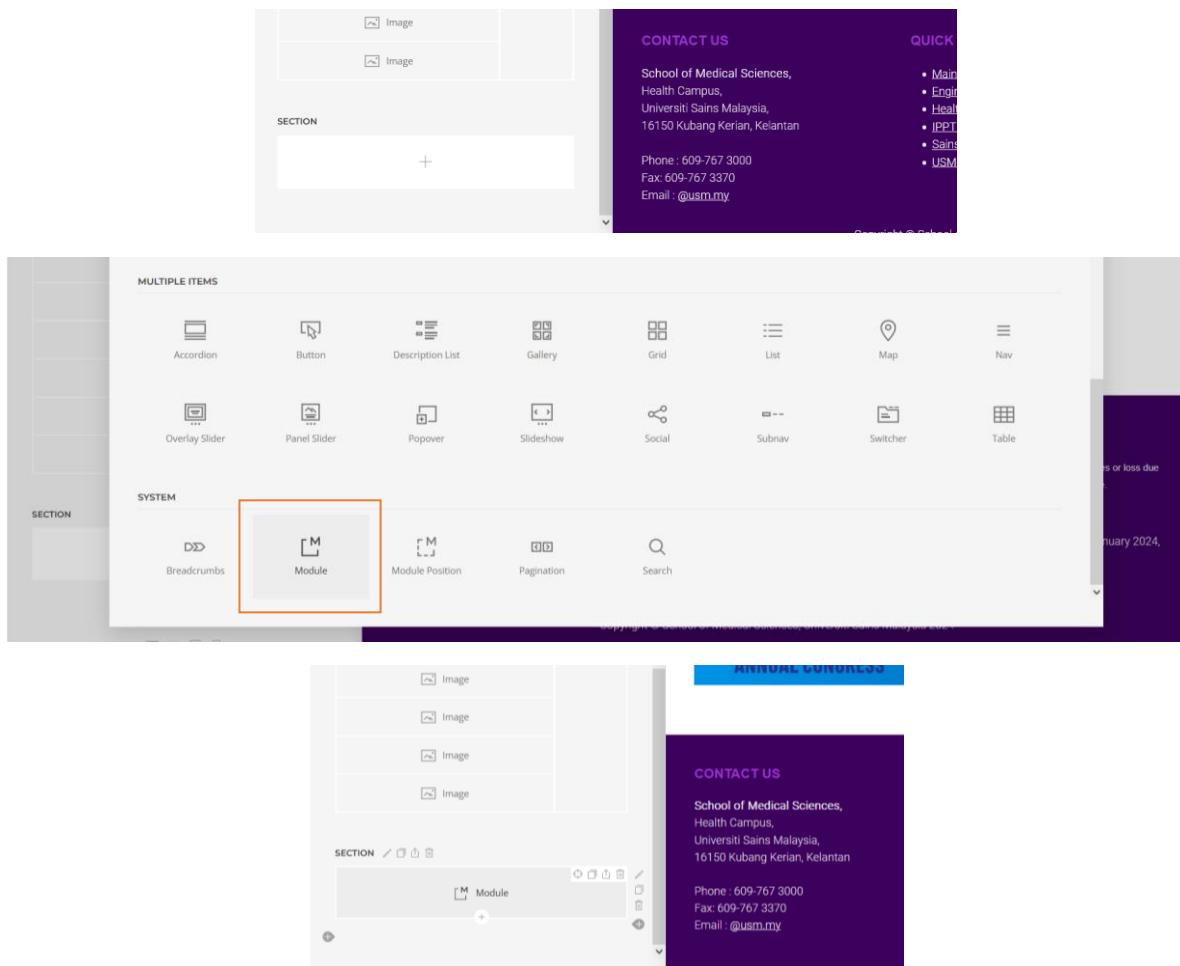

Module		Advanced		Permissions	
<input type="checkbox"/> Site	This module displays a menu on the Frontend.				
Select Menu	Academic Laboratory (MPG)

4.4. Display a grouping article

4.4.1. In the YOOtheme page, add new section

4.4.2. After section added, click + icon and choose element Grid

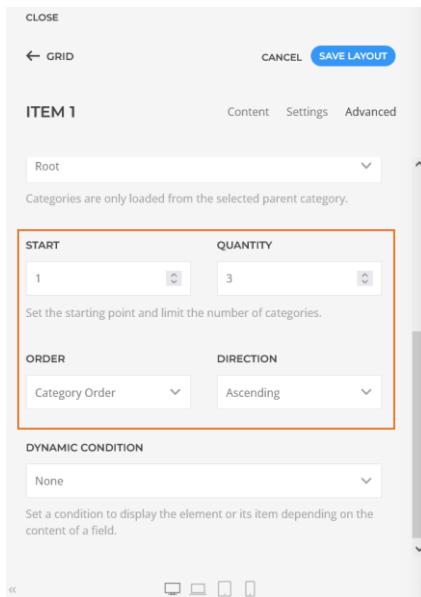

4.4.3. Open the element Grid and Add Item

The screenshot shows the 'Element Grid' interface. On the left, the 'BUILDER' panel displays a 'Test page' with a 'SECTION' containing a 'Headline' element. Below it, a 'GRID' section is selected, indicated by an orange border. The 'GRID' panel on the right shows a list of items under 'ITEMS' with 'No items yet.' A red box highlights the 'ADD ITEM' button. The 'DISPLAY' section contains several checked options: 'Show the title', 'Show the meta text', 'Show the content', 'Show the image', and 'Show the link'. Below this, a note says 'Show or hide content fields without the need to delete the content itself.' To the right, three 'Title' sections are listed, each with placeholder text.

4.4.4. On the Advance tab, choose Custom Articles from Dynamic Content tab

The screenshot shows the 'Advanced' tab of the 'Element Grid' interface. In the 'ITEM 1' section, the 'DYNAMIC CONTENT' dropdown is open, and 'Custom Articles' is selected, highlighted with a red box. The 'STATUS' section includes an option to 'Disable item' with the note 'Disable the item and publish it later.' To the right, a 'Title' section is displayed with placeholder text.

4.4.5. In Advance tab, you can set as you desire how the grid will be display

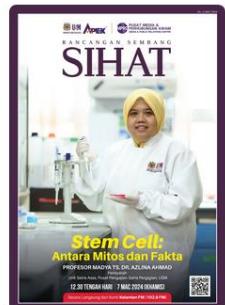

4.4.6. In the Content tab, click on the Dynamic on the tab Title, choose title. Dynamic on the tab Image choose image, and dynamic on tab Link choose link.

The image contains three screenshots of the 'Content' tab for 'ITEM 1'.

- Title:** The 'Title' field is highlighted with an orange box. The dropdown menu shows options like 'Title', 'Description', 'Article Count', etc., with 'Image' selected.
- Image:** The 'IMAGE' field is highlighted with an orange box. The dropdown menu shows options like 'Image', 'Image Alt', 'Link', etc., with 'Image' selected. Below the field is a preview area showing a small image icon.
- Link:** The 'LINK' field is highlighted with an orange box. The dropdown menu shows options like 'Article Count', 'Image', 'Image Alt', 'Link', etc., with 'Link' selected. Below the field is a text input field containing 'http://', a file browser icon, and a note 'Enter or pick a link, an image or a video file.'

4.4.7. The layout should be like this
